

AMENDMENTS TO THE CLAIMS

1. (Currently Amended) Composition, formulated for oral administration, comprising, in combination:
 - (a) at least one marrow oil, and
 - (b) at least one borage oil.
2. (Previously Presented) Composition according to Claim 1, which also comprises at least one compound chosen from a nettle extract (c) and a soybean extract (d).
3. (Previously Presented) Composition according to Claim 1 or 2, wherein the marrow oil (a) is an oil extracted from marrow pips and/or the borage oil (b) is an oil extracted from borage seeds.
4. (Previously Presented) Composition according to Claim 2, wherein the nettle extract (c) is an extract of nettle roots.
5. (Previously Presented) Composition according to Claim 2, wherein the soybean extract (d) is soybean lecithin or an isoflavone-rich extract.

6. (Previously Presented) Composition according to Claim 1, wherein the marrow oil (a) is present in a concentration of between 20% and 40% by weight relative to the total weight of the composition.

7. (Previously Presented) Composition according to Claim 1, wherein the borage oil (b) is present in a concentration of between 10% and 30% by weight relative to the total weight of the composition.

8. (Previously Presented) Composition according to Claim 2, wherein the nettle extract (c) is present in a concentration of between 0 and 60% by weight relative to the total weight of the composition.

9. (Previously Presented) Composition according to Claim 2, wherein the soybean extract (d) is present in a concentration of between 0 and 10% by weight relative to the total weight of the composition.

10. (Cancelled)

11. (Previously Presented) Composition according to Claim 10, wherein the composition is in the form of a wafer capsule, a gel capsule, a tablet, a granule, a chewing paste, a gum, an oil or an oily jelly.

12. (Previously Presented) Composition according to Claim 10, wherein the composition is a food composition or a food supplement.

13. (Cancelled).

14. (Previously Presented) Composition according to Claim 4, which is obtained according to the process comprising the maceration of the nettle powder (c) in a mixture of marrow oil (a) and borage oil (b).

15. (Previously Presented) A medicinal product, a dermatological agent, a dermocosmetic agent, or a nutraceutical agent comprising the composition according to Claim 1.

16. (Currently Amended) A method for preventing—or treating alopecia, acne, hirsutism, seborrhoea, or body odor, comprising administering the composition according to Claim 1.

17. (Previously Presented) Composition according to claim 4, wherein the nettle extract (c) is in powder form.

18. (Previously Presented) Composition according to claim 5, wherein the soybean extract (d) is in powder form.

19. (Previously Presented) Composition according to claim 14, which is obtained by additionally adding soybean lecithin thereto.

20. (Previously Presented) Composition according to claim 6, wherein the marrow oil (a) is present in a concentration of between 25% to 35%.

21. (Previously Presented) Composition according to claim 7, wherein the borage oil (b) is present in a concentration of between 15% to 30%.

22. (Previously Presented) Composition according to claim 8, wherein the nettle extract (a) is present in a concentration of between 35% to 55%.

23. (New) Composition according to claim 1, wherein the composition is in the form of a capsule, tablet, granule, paste, gum or oil.

24. (New) Composition according to claim 1, wherein the composition is in the form of a wafer capsule, gel capsule, tablet, granule, chewing paste, gum, oil or oily jelly.

25. (New) Composition according to claim 1, wherein the composition is in the form of a food composition or food supplement.
